1. We have recently heard from the Contractor in regard to an expected cost overrun in this case of \$4971.37 through 30 June 1958? An audit through 30 November 1958 verified the claimed overrun. As the task has now been extended through 15 September 1959, there will probably be an additional overrun before the case is closed. However, the exact amount will not be known until the final audit has been completed. 2. Under the circumstances, do you want to consider adding the amount of the presently known overrun in order that payments to the Contractor may continue. If so, will you send through the usual requisition. Distribution: Orig & 1 - Addressee 1 - 602, To#1 (Official) 1 - ICAD 1 - CAB 1 - T&SB 1 - Chrono)м :	Contracting Officer
